Report based on APCD claims data for Commercial, Medicaid FFS, Medicaid Managed Care, Medicare FFS and Medicare Advantage coverage.

* Indicates observed values less than 21. Suppressed values are still reflected in total and index calculations.

All reports utilize a standardized proxy reimbursement amount and are based on Virginia APCD claims volumes as of 12/15/15.

Services defined as low value or necessary are subject to the completeness of diagnosis and procedure fields submitted within the claims data analyzed.

Total Low Value services reported include a combination of services categorized as low value and likely low value
